SCHEDULE OF ONLINE COUNSELING CLASSES FOR MCS-11

Meeting Link: https://meet.google.com/kri-pppj-rqa

SL NO	DATE	TIME	TOPIC
1	06.12.2020	5.00-6.30PM	**Introduction to Computer Problem Solving, Algorithm, Flowchart**
2	07.12.2020	5.00-6.30PM	**Introduction to C, Compiling and running the Program, Variables and Constant Types, Character set, Delimiters, Identifiers and Keywords, Data types and storage**
3	08.12.2020	5.00-6.30PM	**Data type qualifiers, Declaration statements, Variables, Rules of defining of variables, Initializing variables, Types of variables, Constants, Type Conversion, Expressions and Operators, Assignment Statement, Arithmetic operators, Relational operators, Logical operators, Comma and Conditional operator**
4	09.12.2020	5.00-6.30PM	**Priority of operators, Decision and Loop Control Statements, Arrays**
5	10.12.2020	5.00-6.30PM	**String Handling, Built in string handling functions, Functions, Types of functions**
6	11.12.2020	5.00-6.30PM	**Structures, Unions and Pointers in C.**

****You are advise to login with your own enrolment no. & own photograph.**
